Senior Pastor of Sunshine Cathedral

Winning Again in 2010

At Sunshine Cathedral, we know that we are winners in the game of life. Of course, life need not be a competition, so in a spiritual sense one doesn't win over someone else; we don't want or need anyone to lose. We are winners because we are winning victories over our fears, limitations, and negative attitudes. Our progressive, positive, and practical spirituality has taught us that we are winners, and we know that we are Winning Again in 2010!

In just two years we have dramatically improved the financial picture at Sunshine Cathedral. We have made every effort to be good stewards of the gifts you have trusted us with, and we have been very intentional about being transparent with the church finances. Good financial practices, faithful generosity on the part of our members and friends, fundraising as needed, commitment from our leaders and maintaining faith in both good and difficult times have all worked together to make Sunshine Cathedral healthier and stronger.

Of course, the church still has needs. We remain under-staffed and there are always more ministries that are needed. But we aren't asking you to give to "need" because we don't feel "needy"...we know that we are winners and we are Winning Again in 2010!

We at the Sunshine Cathedral give to dreams rather than to need. We give to possibilities. We give to the future. We give to the circulation of divine Supply. We allow the abundance of divine Life to flow through us as we share willingly, gladly, and with the intention to bless our church and our community.

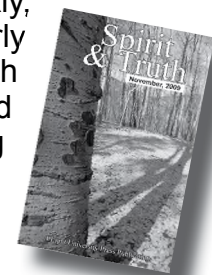

We give to support the message that every person has sacred value and that divine Love never excludes anyone for any reason. Knowing that we are filled with divine Light, we give to make sure that we are always Sharing the Light with the World!

Giving isn't a fundraising gimmick; giving is one of the ways that we worship. Jesus said, "Where your treasure is, there will your heart be also." What we give to is what we believe in. What we support financially is what is important to us. By committing to consistently give a generous percentage of our income to the place that feeds us spiritually, we are saying, "Thank you God for this place, and I want you to use me to help keep this wonderful church vibrant and strong for generations to come."

Sunshine Cathedral provides a home for many community organizations, including the Fort Lauderdale Gay Men's Chorus, the Fort Lauderdale Women's Chorus, Sunshine Social Services

(SunServe), two other churches (Divine Direction and Dignity), 12 Step groups, and more. Sunshine Cathedral is for some a final resting place (in our "Quiet Room"). Sunshine Cathedral provides spiritual support, education, and encouragement to our members and friends in Jamaica. We collect food for local food banks, and we offer three Sunday services every week, religious education classes, weekly, monthly, and quarterly publications, and we reach people all over the world without our website, streaming video sermons, audio podcasts, and our YouTube talk show called "Sharing the Light."

Sunshine Cathedral offers an open Communion inviting anyone who for any reason wants to participate in the sacrament of Holy Communion to do so. The Cathedral offers progressive, relevant, and often entertaining sermons, a dynamic music ministry, spiritual retreats, films, musical and comedy concerts. Of course, weddings, funerals, intercessory prayer, and baptisms are also offered. And these various ministries don't nearly exhaust all that we are, all that we do, and all the ways that we reach out to encourage, support, and affirm people in our local community and throughout the world.

If this exciting and dynamic spiritual community has blessed you, then
